

# Manly wine

At Manly Wine we believe that the partnership between grape variety and wine region should also reflect the natural relationship between food and wine. Wines that suit seafood require a lighter touch in the winery and an empathetic soul in the vineyard; our wine list is devoted to the fresh, full flavoured dry wines of Australia and New Zealand and wines from the famous coastlines of the world

## INTERNATIONAL AND LOCAL ROSÉ

The world's most 'smashable' wine', there are countless versions of Rosé from nearly every wine region in the world. 'Skin contact' and blending are the two popular techniques used to make Rosé and each method gives the wine its own unique colour, texture, taste and smell. 'Skin contact' means grapes have been squished in the winery and the juice and skin is left to soak together. The longer they soak the deeper more colour is extracted and the greater the intensity of flavour and texture. The other and more modern method is to blend white and red wines together. Both techniques give a wine unique characteristic. Different climates, regions and grapes also mean different styles of wine. We think Rose is drunk with the eyes first and the colour arrow below indicates the intensity of colour you will see in the glass. Some are dry and crisp, some are fruity and textural but all of the wines below have been picked for their versatility with food and for easy drinking

FRANCE	PROVENCE	CRISP and FRESH	2015	Chant du Midi	46
	COTES DE PROVENCE	FRESH and FRUITY	2015	Chateau L'Aumerade 'Marie Christine'	64
